

About ArrowFast Medical Device Engineering

Our mission is to help medical device startups and innovators bring their devices to doctors and patients on time and in budget, certified. ArrowFast is an initiative powered by Cosylab backed by a team of 200+ software, hardware, and mechanical engineers, spanning three continents and with 20 years of experience. <https://www.arrowfast.tech/>

About Cosylab

Cosylab is a global technology company that builds and integrates state-of-the-art software and electronics for the world's most complex, precise and advanced systems. The company was established in 2001 and has expanded its services from building control systems for the world's largest scientific projects to developing innovative software solutions for particle treatment of cancer. By making particle therapy cancer treatment safer, more effective and affordable, we enable our partners to deliver better healthcare worldwide. For more information, visit <https://www.cosylab.com/>
